ADDITIONAL CONFERENCE INFORMATION

Tour Options:

Tour A

Decatur County Feed Yard

Decatur County Feed Yard focuses on retained-ownership customers and improving ranchers' long-term profitability while supplying them with the information they need to make strategic genetic decisions back at the ranch. Calves will be electronically measured at least two times and sorted into marketing groups utilizing ultrasound, video image, and electronic scales to most effectively hit the value based grid target. When the cattle reach the optimum date to maximize the net income per individual animal, the cattle will be sold on a carcass merit formula to one processor.

Heartland Cattle Company

Heartland Cattle Company focuses on custom and contractual heifer development. Their custom program revolves around developing and artificially inseminating heifers that will return to their home ranch while their contractual program focuses on the purchase, development, artificial insemination, and packaging of heifers to meet contractual specifications for breed, genetics, mature size, service sire, calving dates, etc. Heartland also maintains an active research program which allows them to implement the latest advances in nutrition, reproduction, and health programs, all of which contribute to improved reproductive efficiency.

Parker Hannifin Corporation (no children)

Parker Hannifin Corporation is the world's leading diversified manufacturer of motion and control technologies and systems, providing precision-engineered solutions for a wide variety of commercial, mobile, industrial, and aerospace markets. The McCook plant specializes in the production of rubber hoses: heater hose, welding hose, air hose, and garden hose to name a few.

Tour B

Nebraska Bull Service

Nebraska Bull Service offers collection of sexed semen, semen storage, and shipping both domestically and internationally. NBS is proud to announce the addition of embryo transfer, and in vitro fertilization to our list of services, in addition to semen sales.

Van Diest Supply Company

Van Diest Supply Company is a distributor for all of the major agricultural chemical companies. The chemicals are warehoused in McCook and sixteen other distribution centers then sold and delivered to approximately 3,500 dealers throughout a sixteen-state area located in the heart of the Midwest Cornbelt.

Olsen's Agricultural Laboratory, Inc.

Olsen's Agricultural Laboratory, Inc. provides quality analytical services to the agricultural community. The area served by Olsen's Laboratory is nationwide. Analytical services include soil, leaf, petiole, feed, fertilizer, water, manure testing, and seed germination as well as wastewater samples.

Loop Brewing

Loop Brewing is the 2010 Hormel grant winner. They specialize in hand-crafted micro-brews. Tour pending opening date.
