Nebraska Farm Bureau 2021 Priorities

Success through Service
2021 Accomplishments

The Nebraska Farm Bureau’s Political Action Committee (NEFB-PAC) used voluntary member donations to help candidates running for public office and engage in ballot initiatives that impact farmers and ranchers.

★ 2020 Elections

75% of the NEFB-PAC endorsed candidates won their elections.

★ 2022 Elections

Numerous candidates for Governor, U.S. Congress, and Legislature have already announced their candidacies in the 2022 elections.

A strong NEFB-PAC can help make the difference between elected officials that defend agriculture and those who promote radical ideas which would put producers out of business.

Nebraska Farm Bureau PAC intends to be heavily engaged, but it can only engage in as many races as resources allow. Donate to the NEFB-PAC today to ensure that Nebraska farmers and ranchers have a strong voice in the 2022 elections.

  “My family has been involved with Nebraska Farm Bureau for many, many years. Last year’s success at the Legislature in reducing property taxes shows why. Farm Bureau worked to capture excess state revenues for property tax relief. When I file my income taxes next year, the refund I receive for property taxes paid to schools will be three times more than last year.”
